

GAS FIRE LOGS

Beauty, Warmth & Atmosphere that Will Never Turn to Ashes.

HARGROVE gas fire logs carry a limited lifetime warranty against breakage in the original fireplace. All accessories carry a two-year limited warranty in the original fireplace.

CLEAN:

No logs to carry in, no ashes to carry out, no messy woodpile! HARGROVE gas logs produce less pollution than burning wood.

SAFE:

HARGROVE logs are cast in refractory concrete and reinforced with steel lath. They will withstand temperatures of over 2000° F. and eliminate dangerous sparks made by wood fires.

ECONOMICAL:

For less than the cost of burning wood, these logs will radiate heat for hours after the gas has been turned off.

CONVENIENT:

A realistic fire is yours, complete with glowing embers, by simply striking a match and turning on a valve. All HARGROVE vented gas log sets are designed to function in a fully vented metal or masonry fireplace with a natural gas supply where wood can be burned safely. The flue damper must be fully open during use.

LOOSE LOG SETS

All NEW Installations Require an Accessory Kit AND a Loose Log Set

NEW! RUSTIC TIMBERS

RUSTIC TIMBERS further refines Hargrove's Vesta Award Winning Radiant Heat vented log series, and Radiant Riser™ technology. For radiant heat production comparable to a vent-free log set, while retaining the beauty and realism found only in Hargrove vented gas logs.

RTS2110RG	21" LOG SET (LOGS ONLY)	\$ 388.07

RTS3012RG	30" LOG SET (LOGS ONLY)	502.32
RTS3614RG	36" LOG SET (LOGS ONLY)	533.84

INFERNO

The HARGROVE INFERNO SERIES is the most realistic gas log set yet. Instead of a nice, neat stack of logs that look "staged", Inferno has a fire that doesn't look like it was just lit, the INFERNO SERIES appears to be a wood fire that's an hour or two old, with flames that are working away on the partially burned logs.
