

Solar Star's Roof Mount Attic Fan Is The Ideal Ventilation Solution.

Solar Star, the leader in solar powered attic ventilation, brings you the most technologically-advanced, environmentally-friendly, ventilation solution today. Best of all, Solar Star brings you the solutions that cost nothing to operate. Imagine the savings. Unit comes fully assembled and installs in less than 30 minutes.

By placing the unit where it is most effective, the highest point on the roof, it can properly circulate air and ventilate your attic space, transforming your home into a comfortable living environment. Powered by Solar Star's proprietary 10-watt solar panel, this breakthrough product has been designed to last season after season

- 5 Year Warranty on Motor and Solar Panel. 10 Year Warranty on all other components. Made in the U.S.A.

Solar Star's Roof Mount Vents

Low Profile

This sleek, unobtrusive design is for most roof applications. It's ideal for tile roofs when used with the self-flashing Tile Roof Add-on Kit (sold separately).

#122020 - \$751.36

Pitched

This is a perfect solution for flat roof applications. It's a great alternative for pitched roofs when you need to improve exposure to the sun.

#122022 - \$751.36

High Profile

This discreet, aerodynamic design is perfect for locations with heavy snow loads. It's also another option for tile roofs when "mudding in" is preferred.

#122021 - \$786.54

ProSeries Paintable Shutters

ProSeries Shutters by Atlantic Premium Shutters are made from a superior exterior grade **composite wood** that will not rot, warp, crack or split.

Each shutter is hand assembled from component parts which provides design details on the front and back of each shutter. Additionally, the use of component parts ensures that all corner joints are true and square. These shutters can be installed in a fixed or operable application.

In order to provide shutters with outstanding structural strength we use tongue and groove construction that is joined together with a specially formulated adhesive. No screws are used to detract from the final appearance of these shutters.

Every shutter is machine sanded and finished with a coat of advanced marine grade primer. Your time applying a finish coat of paint is greatly reduced, since every shutter receives complete primer coat coverage.

Louvered 15"x72" shutters

Raised Panel 15"x47" shutters
Raised Panel 15"x59" shutters
Raised Panel 15"x72" shutters

Pro-Series shutters are available in four different styles

- Louver, Raised Panel, Flat Panel, Board and Batten.
- Quarter Round Arch Tops are also available

ProSeries shutters are available in the following sizes.

- Widths 12" to 24" in half inch increments.
- Heights 30" to 84" in half inch increments.

ProSeries shutters are primed and should receive a finish coat of paint.

- Any good quality exterior grade finish paint should be used.
- Each shutter should be scuffed with a fine 360 grit sand paper prior to application of the finish paint coat.

Hardware for ProSeries Shutters is provided separately.

- 14" fixed mounting brackets are available
- Operable stainless steel hardware is available

ProSeries shutters are backed by a 3 year structural warranty.
